Finally, a letter which has been sent to me from a listener that should be of interest to you on the west coast. Its from the office of the president of Bullocks Incorporated in Los Angeles in reply to an inquiry from a Mr. Holland Oaks, of Holland Oaks Associates, Los Angeles, and it reads as follows: "Dear Mr. Oaks: Bullocks make no contributions to the Crusade for Freedom. Our files show that the last request we had from this organization was in 1952 at which time we declined to donate. We agree with you that this would be an unwarranted use of stockholders money. We attempt to control our contributions very carefully and try to limit them to local charities. We receive our sales volume locally, and therefore we feel that this is where our charitable contributions should go. Sincerely yours, signed, Walter W. Candy, Jr."
